APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the Place of Use of the waters of an underground source as heretofore granted under Permit 38036 is issued subject to the terms and conditions imposed in said Permit 38036 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined duty of water under Permits 42791, 42792, 42795, 42797, 42798, 42799, 42800, and 42801 shall not exceed 547.5 million gallons per annum and the total number of residential units to be served by these permits shall not exceed 1500 units.

At least two ground water monitor wells are to be installed within the places of use of Indian Hills General Improvement District at locations satisfactory to the State Engineer. The monitor wells must be suitably cased, perforated, sealed, and capped and must penetrate at least 75 feet below the water table.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second, but not to exceed 126.0 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before November 24, 1983

Proof of completion of work shall be filed before December 24, 1983

Application of water to beneficial use shall be made on or before November 24, 1988

Proof of the application of water to beneficial use shall be filed on or before December 24, 1988

Map in support of proof of beneficial use shall be filed on or before December 24, 1988
